ABOUT US

M-Cubic Trading (PTY) Ltd is a dynamic engineering, mining and civil solutions provider committed to delivering precision, reliability and excellence. We operate 24-hours a day, offering plant maintenance, steelwork engineering, mining, civil, road construction, fabrication, building maintenance, refurbishment, roofing, painting, and project management services.

We are a customer-align business that is driven by a desire to add value to contribute to success and sustainability to our clients.

Our talented team, business processes and systems have been designed to ensure we deliver a quality service for our customers. We continue to build the business on a foundation of sterling and hands-on leadership, exceptional business management practices, lean and efficient processes with the aim of delivering quality, personalized services at a reasonable cost to our customers.

OUR MISSION

To deliver precision engineering, mining, and civil services that achieve operational excellence for our corporate partners while serving as a catalyst for local economic transformation. Guided by Ubuntu, we actively build an environment that fosters job creation, skills development, and inclusive growth. Our community-centred approach ensures that our industrial solutions responsibly safeguard regional resources and sustainably uplift the people in the areas where we operate.

OUR VISION

To be the premier, innovative engineering and industrial solutions provider across Africa, recognised for driving technical excellence while setting the benchmark for 24-hour infrastructure support. We envision a future where heavy industry and community development thrive hand-in-hand, powered by sustainable operations and an unyielding commitment to the spirit of Ubuntu.

OUR CORE VALUES

SAFETY FIRST

Our Prerequisite: Protecting lives is our absolute priority, enforcing zero-harm standards across all engineering, mining, and civil sites.

EXCELLENCE & QUALITY

ISO 9001:2015 Standards: Providing uncompromised 24-hour maintenance, fabrication, and project management that meets strict global quality metrics.

UBUNTU & RESPECT

Human-Centric Operations: Treating our staff, clients, and partners with profound dignity, acknowledging that individual growth feeds collective corporate success.

INTEGRITY & HONESTY

Ethical Transparency: Building lasting commercial relationships through absolute honesty, clear communication, and reliable turnaround times.

INNOVATION & AGILITY

Tailored Infrastructure: Delivering fast, forward-thinking solutions via fully equipped mobile service vehicles to minimize plant downtime.

RESILIENCE & COMMITMENT

Result-Driven Performance: Confronting complex structural and operational challenges head-on to consistently ensure customer success and plant sustainability.

COLLABORATION & TEAMWORK

Synergistic Execution: Aligning multi-disciplinary engineering teams to work as a unified force alongside our industrial clients.

COMMUNITY-CENTRED ENTREPRENEURSHIP

Inclusive Local Growth: Actively utilizing our business footprint to drive local job creation, skills transformation, and sustainable economic empowerment.

24-HOUR COMMITMENT. COMPLETE SOLUTIONS.
